

## SSIL Stainless Steel Flexible Conduits

Highly Flexible Interlocked Conduit made from Corrosion resistant Stainless Steel. Excellent bend ability & smooth finish makes it easy go through thread.

### Characteristics :

- Flexible & Excellent Tenacity
- Excellent Shielding Properties
- Explosion resistant
- Resistant to Oils, Acids & Solvents

### Applications

Elevators & Workshop buildings

Machine Tools and Earth Moving Machinery

Chemical Industry

Part Number	Size	Inner Dia (mm)	Outer dia (mm)	Weight (gm/mtr)	PPQ (mtr)
SSIL-1/4	1/4"	8	11.8	150	100
SSIL-5/16	5/16"	10	13.5	180	100
SSIL-3/8	3/8"	12.8	15.8	260	50
